

How do I locate the Task Name?

- 1) Open SimNet and log into your account
- 2) Open the SimNet assignment that you need assistance with
- 3) Find the Task Name using the example screenshot below

SimNet Lesson - Mozilla Firefox

simnetonline.com

The screenshot shows a web-based lesson interface. At the top, there are three tabs: "Teach Me", "Show Me", and "Let Me Try". Below the tabs is a list of lesson topics. The topic "Introduction to Microsoft Office 2010 (Excel)" is highlighted with a red rectangular box. A callout bubble points to this box with the text: "In this example the task name is 'Introduction to Microsoft Office 2010 (Excel)'". Below the list is a task description: "Open Microsoft Excel 2010 from the Start menu." and a "Hint" button. The interface also includes a "Close" button and a "Help" icon.

- 4) Enter the Task Name into the Contact Us form
