Export Test from Test Builder

1. After the questions has been selected for a test in Test Builder, choose the export option on the Settings page: **D2L/Blackboard/Canvas (Classic Quiz Only)/Moodle**.
2. Click the “Submit” button

The screenshot shows the 'Settings' page for a test titled 'Chapter 3 Practice Quiz'. The page has a blue header with the McGraw Hill logo and the test title. Below the header, there is a progress bar with two steps: '1 Content' and '2 Settings'. The 'Settings' step is currently active. Under the 'Test Preferences' section, there is an 'Export As:' label followed by three radio button options. The first option, 'D2L/Blackboard/Canvas (Classic Quiz Only)/Moodle', is selected and highlighted with a red box. Below this option is a note: 'Use Blackboard Ultra or D2L as the content type for importing "Classic Quizzes" into Canvas'. The other two options are 'Canvas QTI (New Quiz Only)' and 'DOCX'. At the bottom of the page, there are three buttons: 'Cancel', 'Save and Exit', and 'Submit'. The 'Submit' button is highlighted with a red box.

- Acknowledge the “Confirmation” modal by clicking “Ok”. **Note:** You can select to get an email notification once the files is available.

Confirmation

Your request has been submitted.

Be sure to click on the refresh icon on the upper right corner of the page to update the availability of your file(s).

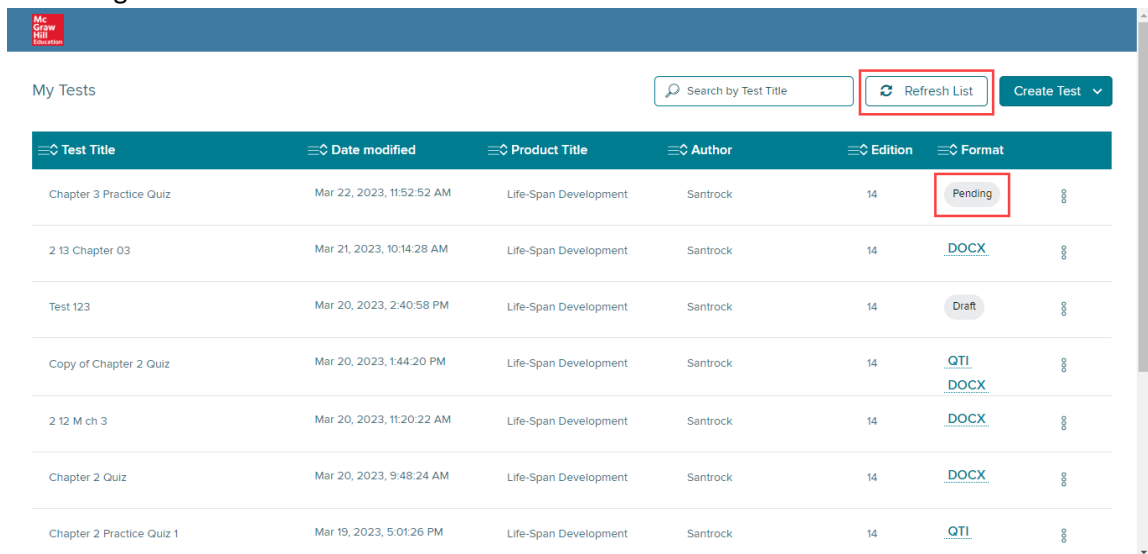

Review

Send an email when test becomes available.

Email:

OK

- You will be returned to the “My Tests page” with a “Pending” status in the Format column. You can click on the “Refresh List” button on the upper right corner to refresh the page to see if the file is available. It may take a few minutes for the file to finish processing. **Note:** If you click refresh on your browser and receive an error, you can close the browser tab and re-access Test Builder again from Connect.

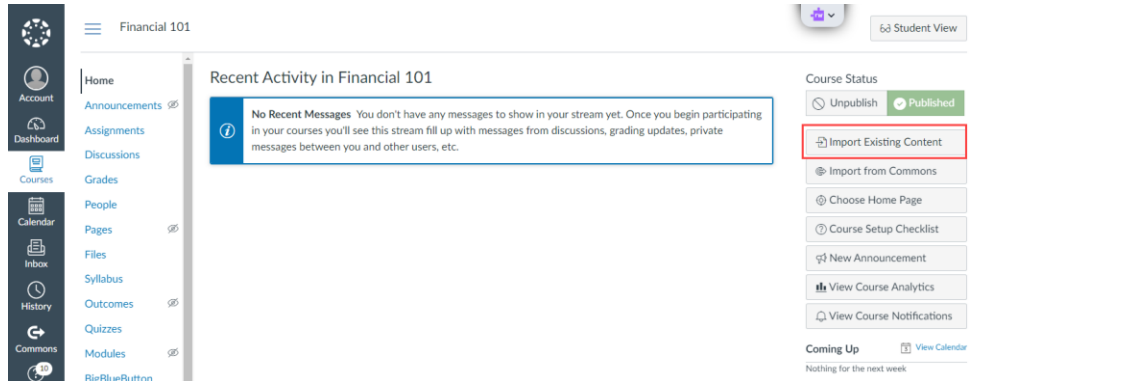

Test Title	Date modified	Product Title	Author	Edition	Format

- When the file is available to be downloaded, the “pending” indicator will change to a link labeled QTI. Click the QTI link to download the ZIP file to your local machine.

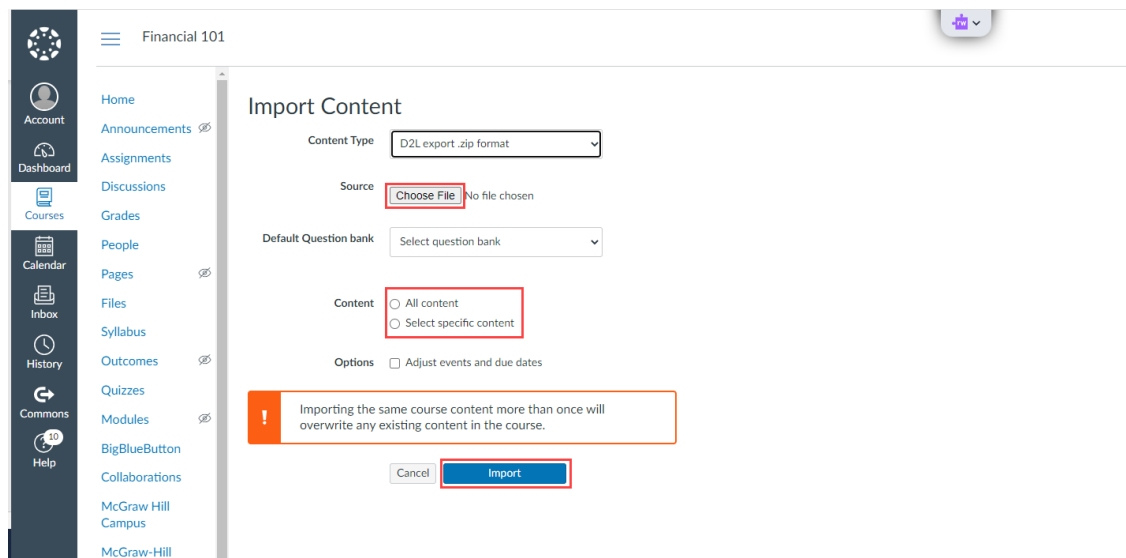

Import Test Builder QTI file into Canvas – Classic Quizzes

Once you have downloaded the QTI zip file, do the following to import your test into Canvas – Classic Quizzes:

1. Log into your Canvas account.
2. Select the course you want this test added.
3. Select “Import Existing Content” link from the right-hand menu.

4. On the Import Content area, select either “**Blackboard 6/7/8/9/Ultra export .zip file**” or “**D2L export .zip format**”.
5. Click “Choose File” under Source then locate the Test Builder zip file that contains your test on your local machine. Select the Content preference then click the “import” button to import your file into Canvas.

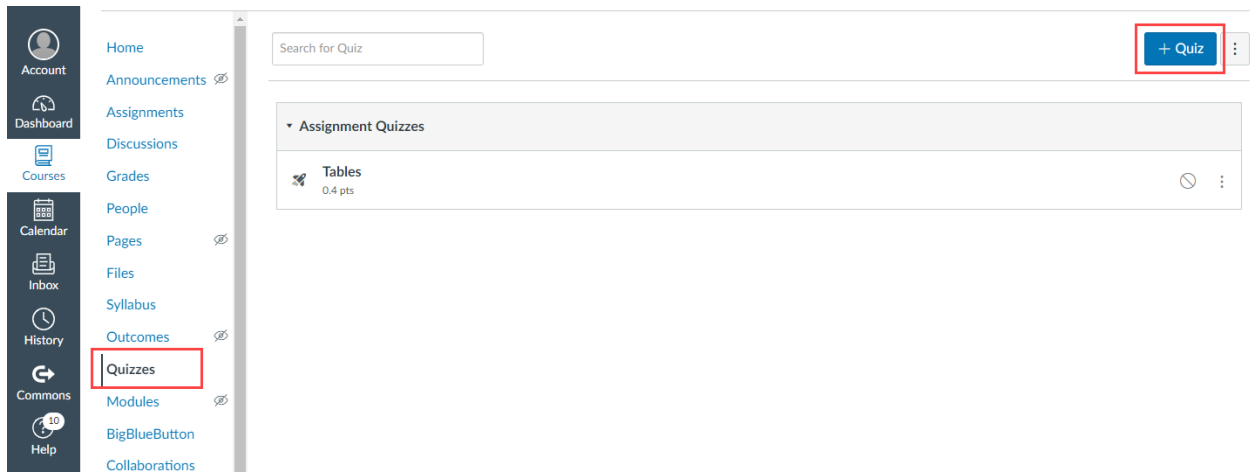

6. You will see a confirmation message when the import job is completed.
7. Repeat these steps 4-6 for each Test Builder zip file.

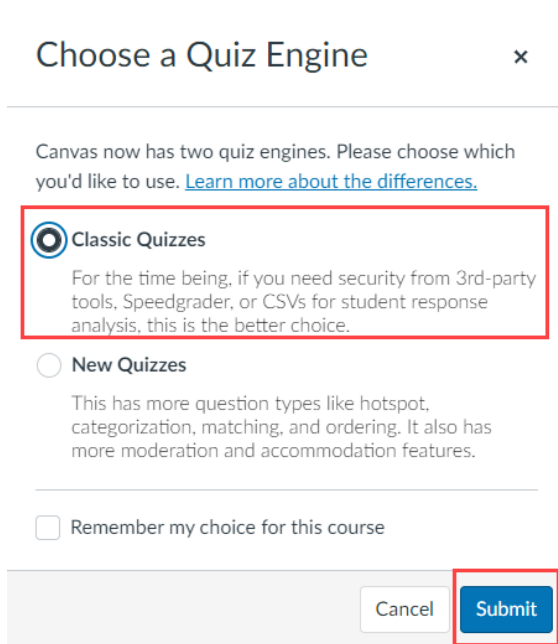

Test Creation in Canvas

To create a Canvas – Classic Quizzes quiz with your imported file, do the following:

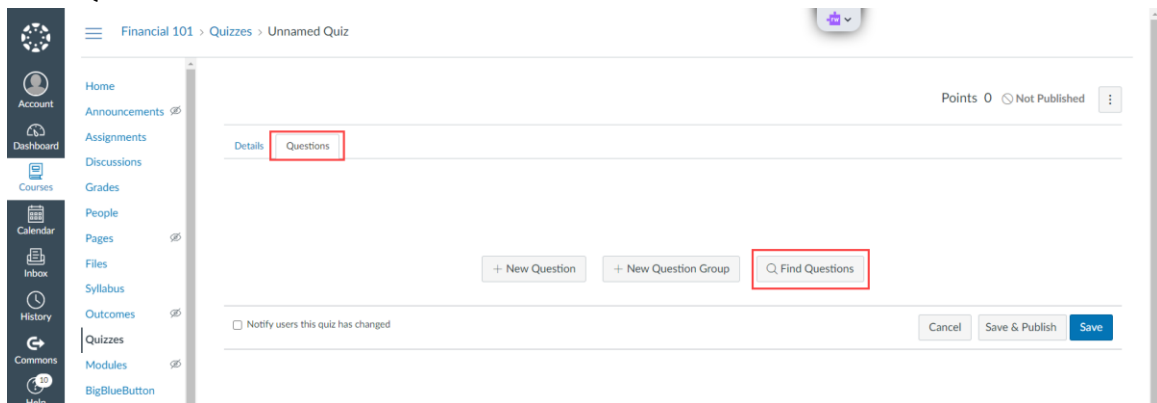

1. Select “Quizzes” link from the left-hand menu, then on the “+Quiz” button to select the type of quiz you wish to create.

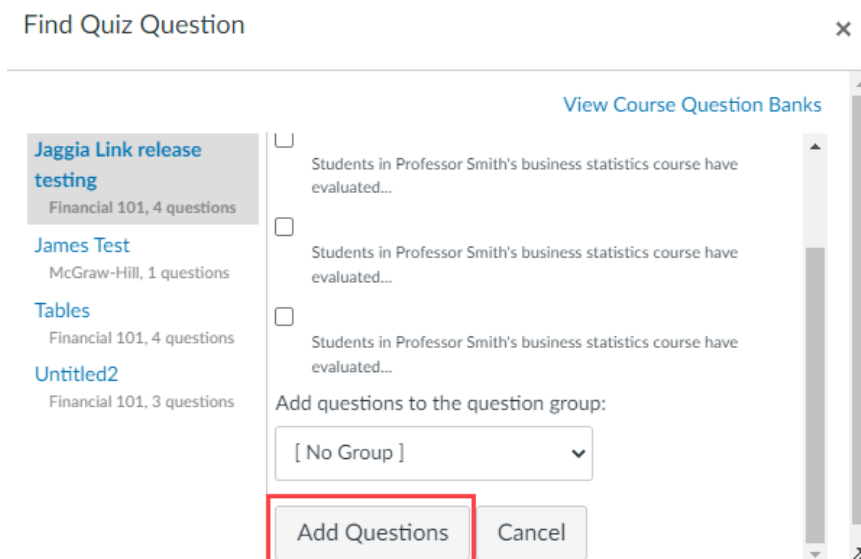

2. Select “Classic Quizzes” then click the “Submit” button.

3. Enter the necessary information on the Details tab. Click on the “Questions” tab then select the “Find Questions” button.

4. In the Find Quiz Question modal, select the test that you have imported. Next, check each of the questions individually that you want added to your Canvas quiz or click on the “Select all” link to select all the questions at once. Then click the “Add Questions” button.

5. Click “Save” or “Save & Publish” to save your quiz.
